

The **Crisis Management** department at Salomon Lipschutz & Co., run by Adv. **Nitza Posner**, is a unique department among leading Israeli law firms. It holds together partners with broad expertise, who provide the firm's clients with extensive knowledge, both in the legal and the business fields; a priceless knowledge which was accumulated in the firm in a wide variety of preset occupations and throughout the years.

The crisis management department offers the firm's clients an inimitable service, as they face a possible crisis. The practice field of crisis management, requires a widespread involvement, which is not solely legal, and involve the laying out of a general policy, along with the need to determine a business strategy in order to solve the crisis and to minimize the damage that might have occurred while engaging in professional tasks- all is being provided from the firm's staff as well as required foreign experts, and all in a short and rhythmic period.

The lawyers in the department gained experience and widespread knowledge in reopening clients in the crisis management field from different parties, from commercial purchase transaction trough representation of collapsed business purchases as well as being appointed by the courts as a and representing control owners, creditors and debtors.
