

Salomon Lipchitz & Co. **Municipal Taxation** Department, run by Adv. **Eran Seraya**, has a wide-ranging expertise in reducing tax rates by local government and municipal corporations, including capital gain levies, tolls, betterment levies (sewage, water, roads and channeling) and property tax.

Municipal taxes constitute an unremitting and significant factor in every business's expenses and entail a rather commanding economical consideration from the very beginning, i.e., from the stage of drafting a business plan. With that purpose in mind, our municipal taxation department is always ready to offer our clients creative solutions for their tax needs.

Over the years, the department has accumulated a prodigious experience and significant achievements in the reduction of municipal tax rates, complicated lawsuits and elaborated tax settlements vis-à-vis many municipal authorities.

Our department provides legal reviews on issues relating property tax, tolls and levies; and represents our clients in all instances and tribunals.
